Reviews

Basically no phrases to clarify. It really is written in straightforward phrases rather than hard to understand. You will not sense monotony at any moment of your own time (that's what catalogues are for concerning if you ask me).

WHY GROW UP?: SUBVERSIVE THOUGHTS FOR AN INFANTILE AGE

DOWNLOAD

Penguin Books Ltd, United Kingdom, 2016. Paperback. Book Condition: New. 198 x 129 mm. Language: English . Brand New Book. In *Why Grow Up*, the latest volume in the *Philosophy in Transit* series, world-renowned philosopher Susan Neiman looks at growing up as an ideal with urgent relevance today. Becoming an adult today can seem a grim prospect. As you grow up, you are told to renounce most of the hopes and dreams of your youth, and resign yourself to a life that will be a pale dilution of the adventurous, important and enjoyable life you once expected. But who wants to do any of that? No wonder we live in a culture of rampant immaturity, argues internationally-renowned philosopher Susan Neiman, when maturity looks so boring. In *Why Grow Up*, Neiman explores the forces that are arrayed against maturity, and shows how philosophy can help us want to grow up. Travel, both literally and as a metaphor, has been seen as a crucial step to coming of age by thinkers as diverse as Kant, Rousseau, Hume and Simone de Beauvoir. Neiman discusses childhood, adolescence, sex, and culture, and asks how the idea of travel can help us build a model of maturity that makes growing up a good option and leaves space in our culture for grown-ups. Refuting the widespread belief that the best time of your life is the decade between sixteen and twenty-six, she argues that being grown-up is itself an ideal: one that is rarely achieved in its entirety, but all the more worth striving for.
