

Finding Needles in a Haystack: v. 2: Keywords for Finding Top Talent in Resume Databases (Paperback)

By Wendy Enelow

Wendy S. Enelow, United States, 2010. Paperback. Condition: New. Language: English . Brand New Book. Designed for corporate and staffing-firm recruiters, this valuable resource offers keywords for searching employment databases. Job candidates and their qualifications are stored by the thousands in the records of employers, employment agencies, job boards, and on many other websites, but for recruiters to search efficiently, a strategic approach is essential. Furnishing an exhaustive list of industry-specific keywords presented in a logical layout, quick selection and cross-referencing are ensured. Additional information includes tips on making an initial action plan and optimizing the results gleaned from each search. The second installment in a three-volume series, this specialized handbook provides a complete vocabulary of keywords within specific industries and occupations including banking, broadcasting and media, construction, dentistry, food and beverage, hospitality, insurance, investment finance, law, pharmacy, psychology and counseling, real estate, retail, science, social work, social services and human services, and teaching and education.
