

The Law and Practice of the Church of Rome in Cases of Heresy (Paperback)

Filesize: 1.67 MB

Reviews

Extensive manual! Its this sort of very good study. It is rally fascinating throug reading time period. I am just pleased to explain how this is actually the finest publication we have go through during my personal life and can be he greatest ebook for actually.
(Henri Runolfsdottir)

THE LAW AND PRACTICE OF THE CHURCH OF ROME IN CASES OF HERESY (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.From the Introduction. Andrea Brusciotti for so many of his volumes De Haeresi, and sixty scudi as accruing from the sale of the said treatise. The references given to the work in the following pages are to the (first) edition of 1616, printed at Rome, and from a copy which appears to have belonged to the College of St. Bonaventura in that city. Of its author, Pope Urban VIII. was accustomed to say, Buona farina, ma cattivo sacco for the moral character of Farinacci was in strange contrast with his professional one. To the general reader he is chiefly known as the somewhat unscrupulous advocate of Beatrice Cenci, and as the suggester of the horrible charge against her murdered father, which, as Signer Bertolotti has proved in his admirable and exhaustive treatise (Francesco Cenci e la sua Famiglia), had not the slightest foundation in fact. Yet on the mere insinuation, which opens the defence of Farinacci, has been founded the grandest though the most unhistoric tragedy of our age. The attempt to extract the quintessence of a folio volume of nearly seven hundred pages, printed in double columns, is necessarily a difficult one. But as more than two-thirds of the treatise consist of citations from, and references to, the numerous authorities who preceded him, and include his own distinctions, limitations and sublimitations, of their decisions, the opinions and judgments of the author (the buona farina) are not so difficult to reproduce for the reader as at first appears. Nevertheless, the obscurity of the subject, and its frequent complications and apparent contradictions, arising from the absolute power of the judge, and the fact that no precedents have any authority...
