Transactions of the Epidemiological Society of London, Vol. 21 (Classic Reprint) (Paperback)

By Epidemiological Society of London

Forgotten Books, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Transactions of the Epidemiological Society of London, Vol. 21 Among other tropical diseases, the various affections whose leading symptom is intestinal ux, and which are included under the somewhat elastic names of dysentery, sprue, chronic diarrhoea, colitis, enterocolitis, etc., are, perhaps, the more important of the unsolved etiological problems. Although intestinal ux is one of the commonest symptoms in disease, especially in tropical disease, strange to say the cause of the pathological processes which lead to the symptoms are, if we except cholera. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
